Office of Public Affairs, News Media Division, were
actually released on Friday, January 21.

TEXTS

ALLNET COMMUNICATIONS SERVICES, INC. V. CENTRAL
TELEPHONE COMPANY OF OHIO, AND CENTRAL TELEPHONE COMPANY
OF NEVADA. Granted joint motion and dismissed with
prejudice Allnet's complaint against Central Telephone-
Ohio and Central Telephone-Nevada seeking damages
resulting from alleged violations of the Commission's
rate of return prescription for the period January 1,
1989 through December 31, 1990. (By Order [DA 94-49]
adopted January 11 by the Chief, Formal Complaints and
Investigations Branch, Common Carrier Bureau)

COMSAT CORPORATION. Authorized Comsat to participate in a program involving construction of certain additional INTELSAT satellites, and provisions of authorized services. (By MOO&A [DA 94-37] adopted January 7 by the Acting Chief, Common Carrier Bureau)

INTERNATIONAL TELECHARGE, INC. (ITI)V. PACIFIC TELESIS GROUP. Granted joint motion and dismissed with prejudice ITI's complaint against Pacific Telesis seeking to recover damages from alleged violations of the Commission's rules in connection with Pacific's computation and assessment of terminating carrier common line charges. (By Order [DA 94-47] adopted January 10 by the Chief, Formal Complaints and Investigations)

AT&T COMMUNICATIONS. Denied Tel-Save Inc.'s petition to reject, or to suspend and investigate, AT&T's Tariff FCC No. 12, Transmittal No. 6162, introducing SelectCall, an AT&T long distance service that permits customers to receive direct dialed calls originated over AT&T network from subscriber-authorized telephone numbers and have those calls automatically reverse-billed to the customer without the assistance of a company operator. (By Order [DA 94-66] adopted January 21 by the Chief, Tariff Division, Common Carrier Bureau)

ONCOR COMMUNICATIONS, INC. V. PACIFIC TELESIS GROUP. Granted joint motion and dismissed with prejudice Oncor's complaint against Pacific Telesis relating to primary interexchange carrier freeze practices. (By Order [DA 94-50] adopted January 11 by the Chief, Formal Complaints and Investigations Branch)

LIGHTCOM INTERNATIONAL, INC. Authorized Lightcom to establish channels of communication between the U.S. and INTELSAT Atlantic and Pacific Ocean Region satellites for the provision of INTELSAT business service and to provide international private line service. (By O&A [DA 94-51] adopted January 4 by the Chief, International Facilities Division)

WILTEL, INC. V. THE AMERITECH OPERATING COMPANIES, ET

AL. Granted joint motion and dismissed as moot WilTel's complaint against Ameritech, et al, seeking damages resulting from alleged violations of the Commission's rate of return prescription for the period January 1, 1989 through December 31, 1990. (By Order [DA 94-45] adopted January 11 by the Chief, Formal Complaints and Investigations Branch)

R & R COMMUNICATIONS, INC. Ordered R & R to forfeit \$2,000 for willful violation of the Communications Act and the Commission's rules by marketing an amateur radio transceiver that had been modified to operate on non-amateur frequencies. (By Order [DA 94-40] adopted January 7 by the Chief, Field Operations Bureau)

January 24, 1994

FCC FILINGS

The following is a list of filings of more than routine interest received at the Commission on dates shown and AVAILABLE FOR INSPECTION for one week in the Office of Public Affairs, Room 200:

Subject: FCC RF Spectrum Allocation?
To: info-hams@ucsd.edu

Hi Everybody,

Does anybody out there have any idea where I can find the current FCC RF
Spectrum Allocation? I've tried doing searches in archie, gopher and wais
with all kinds of keywords. Any suggestions will be greatly appreciated!
Thanks! :-)

Subject: Ham shop in Burlington, VT??
To: info-hams@ucsd.edu

Can anyone tell me of a Ham radio shop selling ARRL books or other repeater
maps and eventually 2M handhelds in the Burlington, VT area.
I have seen adds in 73 but shipping of \$5 for a \$6 book seems excessive.

Thanks

Dan Wetzel

A lot of operators lived without RIT. Many of the 'boat anchors' didn't have RIT. The most recent rig not to have it was, I guess, the Heath HW-series.

After all, if ONE station has RIT, that's more than enough.

If he was in this country, and the FCC caught him, he would get in very
serious trouble. If we allow this sort of thing to persist,
we'll have a service that will be unusable. How do we know this person
will stay straight, we don't.
